

Building Undergraduate Research Skills Remotely – Cheng et al.

Appendix C. Questions Posed to Alumni Panel Presenters.

- When & how did you become interested in your intended career?
- How have your background and experiences impacted your career interests? What are some of your personal passions/hobbies, and how have these influenced your career goals?
- At which stage in your training/career are you? If you are still training, then what will the timeline be, for the remainder of your training?
- Describe your job/program & what a “typical day” looks like.
- What has been the most rewarding part of your career path so far? And what has been the most challenging part?
- Which types of programs/jobs did you apply to, when selecting this program/job?
- What were your experiences like, completing the different application components/stages? What do you wish you had known, before you started the application process?
- What experiences did you take part in, during your undergraduate years, that you think would be most useful to tell the audience about?
- What advice do you have for steps that undergrad students can be taking now, to prepare for this program/career?
